LASER TREATMENTS

Our skin ages due to sun exposure and decreased production of collagen. Ellipse laser treatments are the best non-invasive, anti-ageing alternative, suitable for young and aged skins.

Initial consultation £30 – redeemable against your first treatment

Skin Rejuvenation

Area	Single Treatment	Course A 3 treatments
Individual Lesion	£80	£216
Half Face	£160	£432
Full face	£200	£540
Neck	£130	£351
Face and neck	£300	£810
Face, neck and décolletage	£350	£975
Décolletage	£175	£472
Hands	£110	£297

Thread Veins, Port Wine Stains or Birthmarks

Thread veins range in size from small telangiectasias (small thread veins, spider naevi) to larger Port Wine Stains or birth marks. Our laser treatment offers an effective and clinically proven therapy to remove these lesions. 2-4 treatments are generally necessary to remove the thread veins, this will however depend on the size and severity of the vein. The results you will achieve from the laser treatments are removal of the thread vein or decreased size and skin texture and pore size will be improved, the skin will look brighter.

Area	Single Treatment
Facial Thread Vein	From £80

Acne Treatment

Acne occurs when sebum is unable to leave the skin because a hair follicle is blocked. This may result in growth of bacteria below the surface of the skin. Inflammation can occur, and rupture of an inflamed area can lead to scarring. Our laser treatment works by reducing the blood supply to the sebaceous gland, which slows down production of sebum and accelerates the healing process for acne.

Area	Single Treatment	Course A 3 treatments
Half Face	£160	£432
Full Face	£200	£540
Half Back	£270	£729

WRINKLE REDUCTION INJECTIONS

One Area — £185 Two Areas — £249 Three Areas — £299
